

## **NONRESIDENT STUDENTS**

Consistent with [Chapter 28A.225 RCW](#), any student who resides outside the district may apply to attend a school in the district or file the parental declaration of the intent to provide home-based instruction and enroll for ancillary services, if any. All applications for nonresident attendance or home-based instruction will be considered on an equal basis.

The Cashmere School District Board of Directors annually will inform parents of the interdistrict enrollment options and parental involvement opportunities. Information on interdistrict acceptance policies will be provided to nonresidents on request. Providing online access to the information satisfies the requirements of this policy unless a parent or guardian specifically requests information to be provided in written form. The district will not charge any transfer fees or tuition costs for enrolling eligible nonresident students.

A parent or guardian shall apply for admission on behalf of his or her child by completing the appropriate district application. The superintendent or designee shall develop an application form which contains information including, but not limited to, the current legal residence of the child and the school district in which he or she is currently enrolled or receiving home-based instruction, the basis for requesting release from the resident district and the specific building and grade level (elementary) or course offerings (secondary) in which the student desires to be enrolled if accepted by the district.

The district must use the Standard Choice Transfer System in the Education Data System (EDS) to process those requests for student transfer enrollment into online or alternative learning experience programs or schools.

A student who resides in a district that does not operate a secondary program will be permitted to enroll in secondary schools in this district in accordance with state law and regulation relating to the financial responsibility of the resident district.

### **Standards for accepting or rejecting an application**

The superintendent or the superintendent's designee will accept or reject an application for nonresident admission based upon the following standards:

- A. Whether acceptance of a nonresident student would result in the district experiencing a financial hardship (in determining whether a financial hardship might exist, the district might consider, among other things, whether the grade level or class at the building where the student desires to be enrolled has the capacity or space for additional students and whether the appropriate educational programs or services are available to improve the student's

condition stated in the release from their resident district);

- B. Whether the student's disciplinary records indicate a history of violent or disruptive behavior or gang membership (a gang means a group of three or more persons with identifiable leadership that on an ongoing basis regularly conspires and acts in concert mainly for criminal purposes;
- C. Whether the student has been expelled or suspended from a public school for more than ten consecutive days, in which case the student may apply for admission under the district's policy for readmission and reengagement of suspended or expelled students; and
- D. Whether enrollment of a nonresident student would conflict with a district innovation academy cooperative under [RCW 28A.340.080](#).
- E. Whether the student has repeatedly failed to comply with requirements for participation in an online school program, such as participating in weekly direct contact with the teacher or monthly progress evaluations.

#### **Admission or denial: Notice of decision and appeal of decision**

The superintendent or the superintendent's designee, in a timely manner, will provide the applicant with written notification of the approval or denial of the nonresident student's application. If the student is to be admitted, the superintendent or the superintendent's designee will notify the resident district and make necessary arrangements for the transfer of student records.

When a student is accepted, the student and the parent or guardian must sign a choice student contract. The contract sets out the standards for continued acceptance in the district.

The acceptance will be for only one year.

If the application is denied, the superintendent or the superintendent's designee will notify the parent or guardian in writing within 45 days from receipt of the parent's application. The notification will include the reason for denial and inform the parent or guardian of their right to appeal the district's denial decision to OSPI as detailed in [RCW 28A.225.230](#).

The parent may also request a conference with the superintendent or the superintendent's designee to discuss the denial.

#### **Revocation of Acceptance**

The district may revoke its acceptance at any time for the same reasons it could initially deny acceptance, which are described above and outlined in the choice student contract. Additionally, the district may revoke the student's acceptance if the student's application materials include false, inaccurate, or incomplete information.

Once the district decides to revoke the student's acceptance, it will provide written notice of the revocation to the resident school district and the student's parent or guardian. The notice of revocation will specify the reason for revoking acceptance and notify the student's parent or guardian of the right to appeal. The same appeal procedures that apply to denials of applications apply to decisions to revoke acceptance.

The resident school district becomes responsible for the nonresident student's education once it receives written notice of revocation.

### **Children of full-time employees**

1. Pursuant to [RCW 28A.225.225](#), a nonresident student who is the child of a full-time certificated or classified employee will be permitted to enroll:
  - a. At the school to which the employee is assigned;
  - b. At a school forming the district's kindergarten through twelfth grade continuum, which includes the school where the employee is assigned; or
  - c. At a school in the district that provides early intervention services pursuant to [RCW 28A.155.065](#) and/or preschool services pursuant to [RCW 28A.155.070](#) if the student is eligible for such services.
2. The district may reject the application of a student who is the child of a full-time employee if:
  - a. Disciplinary records indicate a history of convictions, violent or disruptive behavior, or gang membership;
  - b. The student has been expelled or suspended from a public school for more than ten consecutive days (however, the district's policies for allowing readmission of expelled or suspended students and the required reengagement procedures under this rule must apply uniformly to both resident and nonresident applicants seeking admission, pursuant to [RCW 28A.225.225\(2\)\(b\)](#)); or
  - c. Enrollment of the nonresident child would displace a child who is a resident of the district (however, if a nonresident student is the child of a

full-time employee and has been enrolled under Section 1 above, the student must be permitted to remain enrolled in the school or in the district's kindergarten through twelfth-grade continuum); or

- d. The student has repeatedly failed to comply with requirements for participation in an online school program, such as participating in weekly direct contact with the teacher or monthly progress evaluations.
