 - d. The District intends to involve non-applicant employees in the hiring process. However, after all discussion is considered, it is agreed that the final decision on which candidate is hired is left to the discretion of the principal.
 - e. If an opening occurs within the two (2) weeks before the start of a school year, the District has the prerogative of hiring the best candidate available without having to post the openings for a minimum of five (5) days.

 2. Applicants for voluntary transfer from within the building, including those who are part-time and are applying for a position that would increase their contract time.
 3. Applicants for voluntary transfer from outside the building, but within the District.
 4. Other applicants.

9. **Moving Assistance:** Employees who move from one workstation to another shall not be required to move their books, supplies or equipment.
- a. In recognition of the work involved in suitably packing and unpacking classroom materials, members who change workstations will receive a stipend equal to one (1) day (7.5 hrs.) at the non-instructional rate to pack and one (1) day (7.5 hrs.) at the non-instructional rate to un-pack. The District shall notify the President of any changes in insurance coverage.
2. **Threats:** Any employee who is threatened with physical harm by any person or group while carrying out assigned duties shall immediately notify the Superintendent, and if necessary, the appropriate law enforcement authority. Immediate steps shall be taken by the Superintendent in cooperation with the employee to provide for the employee's safety. Steps may include notifying law enforcement, providing legal counsel and/or other earnest efforts. Precautionary measures for the employee's safety shall be reported to the employee by the Superintendent at the earliest possible time.
3. **Absence Due to Attack:** If an employee is absent from work because of injuries suffered from an attack while in the performance of his/her duties for the Cashmere School District, the current Labor and Industries rulings will determine wages paid to an employee.

SECTION F. COMPLAINT PROCEDURE

1. Any complaint and complainant's name (unless the release of such name is prohibited by court order or state and/or federal law) made against an employee by any parent, student, or other person (including another employee) will be called to the attention of the employee in writing by the employee's next workday or as soon as possible but no later than ten (10) days from the receipt of such complaint. Written notification shall be acceptable should the employee be unavailable to discuss the cause for the complaint.

2. Any complaint not brought to the attention of the employee may not be used as a basis for any disciplinary action against the employee. The employee shall acknowledge receipt of the written complaint by signing a receipt of notice of such complaint without agreeing to the substance of the complaint.
3. The employee shall have the right to Association representation at any meetings or conferences regarding the complaint that may lead to discipline.

SECTION G. HARASSMENT

1. Definitions: For purposes of this Agreement the terms "harass" and "harassment" shall mean words, gestures (including offensive touching), and/or actions which threaten or demean the individual and serve no legitimate professional purpose.
2. Procedure: When an employee believes that he/she has been harassed by supervisors, parents, or employees, and approaches any district official with this concern, these steps will be followed:
 - a. The employee must be informed of their rights and allowed the time to consider whether or not to seek the assistance of the CEA for the process.
 - b. When an employee believes that he/she has been harassed, he/she must file a written complaint within twenty (20) days of the offense with the district office. Upon receipt of such complaint, the District shall be responsible to conduct a fair and objective investigation of the alleged harassment, which will include an interview with the person filing the complaint.
 - c. Should evidence of harassment be found, the District will take appropriate action.
3. Reporting: Within twenty (20) business days of the original notification to the District, the District will give the employee and the Association a written report of the progress of the investigation and findings to date. The employee may request a written update on the progress of the case monthly until the investigation is closed. At that time, a final investigative report will be sent to both the employee and the Association listing the findings and recommendations.
4. Sexual harassment shall be governed by Board Policy and Procedure 5011.

ARTICLE IV- EVALUATION/PROBATION for CLASSROOM TEACHERS

SECTION A. INTRODUCTION AND INSTRUCTIONAL FRAMEWORK

The Cashmere School District and Cashmere Education Association set out to develop a comprehensive, fair and equitable evaluation system designed to primarily focus on growth for students, teachers and building administrators.

The Cashmere Education Association, the administrative team and school directors of the Cashmere School District have agreed on the University of Washington 5 Dimensions of Teaching and Learning instructional framework (CEL 5 D+), approved by OSPI, which supports this evaluation system. It is research-based and aligned to the 8 state criteria; rubrics have been established for each of the four summative performance ratings for each of the 8 evaluation criteria and will be posted to the district website.

The Cashmere School District and the Cashmere Education Association established evaluative criteria in accordance with Sec. 1. RCW 28A.405.100.

The primary purpose for the evaluation procedures shall be to improve the educational program through a focus on growth. The evaluation system is to be implemented in a manner consistent with good faith and mutual respect and as defined in current legislation:

- An evaluation system that is meaningful, helpful, and objective.
- An evaluation system that encourages improvements in teaching skills, techniques, and abilities by identifying areas needing improvement and provides support for professional growth.
- An evaluation system that encourages respect in the evaluation process by the persons conducting the evaluations, and the persons subject to the evaluations, through recognizing the importance of objective standards and minimizing subjectivity.

Within each school, the principal and assistant principal shall be responsible for the evaluation of teachers assigned to that school. If the teacher being evaluated is in two buildings, administrators from both buildings may observe the evaluatee but only one administrator will be designated as the evaluator. Staff will be informed of their evaluator by the end of the second week of school.

Should the evaluation requirements for the evaluation of certificated classroom teachers be amended in RCW or WAC, in the year that the amendment(s) occur, the affected sections in this article will be reviewed and revised to the mutual agreement of both the administration and the Association.

SECTION B. DEFINITIONS

Artifacts shall mean any products generated, developed, or used by a classroom teacher during the course of instruction. Artifacts should arise naturally from classroom instruction or practices and should not be created specifically for the evaluation system or at the direction of the evaluator. Additionally, tools or forms used in the evaluation process may be considered as artifacts. NOTE: It is recommended that artifacts will be minimally necessary as artifacts can be gathered through the observation process.

Certificated classroom teacher and teacher - means a certificated employee who provides academically focused instruction to students and holds one or more of the certificates pursuant to WAC 181-79A-140.

Certificated principal and principal and assistant principal - means a person who is employed to supervise the operation and management of a school as provided by RCW 28A.400.100 and holds certificates pursuant to WAC 181-79A-140.

Certificated support personnel and certificate support person - means a certificated employee who provides services to students and holds one or more of the educational staff associate certificates pursuant to WAC 181-79A-140.

Evaluation - shall mean the ongoing process of identifying, gathering and using information to improve professional performance, assess total job effectiveness, and make personnel decisions.

Evaluation criteria - means minimum evaluation criteria for classroom teachers specified in WAC 392-191A-060, the minimum evaluation criteria for principals specified in WAC 392-191A-150, and the minimum evaluation criteria for certificated support personnel specified in WAC 392-191-020 and 392-191A-210.

Evidence shall mean examples or observable practices of the teacher's ability and skill in relation to the instructional framework criteria. Evidence should be gathered from the normal course of the essential functions of the job and evaluation criteria. Evidence collection is not intended to be a professional portfolio but rather a sampling of observed practices and/or data to inform the decision about level of performance. NOTE: It is recommended that most evidence should be gathered through the observation process.

Four-level rating system - means the continuum of performance that indicates the extent to which the criteria have been met or exceeded.

Instructional framework - means one of the approved instructional frameworks adopted by the superintendent of public instruction to support the four-level rating system pursuant to RCW 28A.405.100.

Not Satisfactory - means a classroom teacher's performance is not judged satisfactory if:

- Summative rating of 1: Unsatisfactory - Receiving a summative rating of 1 (Unsatisfactory) is not considered satisfactory performance for any teacher.
- Summative rating of 2: Basic - If the classroom teacher is on a continuing contract with more than five years of teaching experience and if a summative rating of 2 (Basic) has been received two years in a row or two years within a consecutive three-year period, the performance of the teacher is not considered satisfactory.

Observe or observation - means the gathering of evidence made through classroom or worksite visits, or other visits, work samples, or conversations that allow for the gathering of evidence of the performance of assigned duties for the purpose of examining evidence over time against the instructional or leadership framework rubrics pursuant to this section.

Professional Support Plan - means to spell out courses of action whereby the continuing contract employee with more than five (5) years' experience shall be assisted, counseled, and tutored to improve performance. Such prescription shall include a system for periodic feedback during the professional support plan provided and funded by the District, and the dates those supports will be in place. The professional support plan is not required for provisional employees.

Rubrics or rubric row - means the descriptions of practice used to capture evidence and data and classify teaching or leadership performance and student growth using the evaluation criteria and the four-level rating system.

Scoring band - means the adopted range of scores used to determine the final summative score for a certificated classroom teacher or principal.

Student growth - means the change in student achievement between two points in time.

Student growth data - means relevant multiple measures that can include classroom-based, school-based, school district-based, and state-based tools. Data is collected within the current school year, as determined by the teacher in collaboration with the evaluator.

Summative performance ratings - means the four performance levels applied using the four-level rating system: Level 1 - Unsatisfactory; Level 2 - Basic; Level 3 - Proficient; Level 4 - Distinguished.

SECTION C. APPLICABILITY

The teacher/principal evaluation project (TPEP) only applies to classroom teachers, specifically those staff with an assigned group of students who provide academically focused instruction for students. If a teacher assignment is questioned regarding applicability, the Cashmere Education Association and Cashmere School District will mutually agree on whether a certificated employee's job duties lend itself to using the CEL 5D+ instructional framework.

SECTION D. PROFESSIONAL DEVELOPMENT

Prior to being evaluated under this Article, the District shall provide professional development relevant to the framework and evaluation process.

1. Each building administrator responsible for evaluations shall have received Stage 1 training before engaging in the evaluation of teachers and Stage 2 training before or during the evaluation of teachers. The District is responsible for having all administrators complete Stage 3 training. The District will also make a concerted effort to revisit inter-rater agreement at least once a year with building level administrators.
2. Each teacher shall receive professional development in order to understand the framework and the evaluation process. Such professional development shall be provided as follows: Each new employee shall receive a copy of the evaluation criteria, procedures, and any relevant forms or information appropriate to the teacher's position and track in the evaluation cycle prior to the first observation. In addition, each new employee can expect professional development (prior to being evaluated) that fosters an understanding of the evaluation process and the instructional framework.

SECTION E. STATE CRITERIA

1. THE EIGHT CRITERIA OF THE EVALUATION SYSTEM INCLUDE:

- a. Centering instruction on high expectations for student achievement;
- b. Demonstrating effective teaching practices;
- c. Recognizing individual student learning needs and developing strategies to address those needs;
- d. Providing clear and intentional focus on subject matter content and curriculum;
- e. Fostering and managing a safe, positive learning environment;
- f. Using multiple student data elements to modify instruction and improve student learning;
- g. Communicating and collaborating with parents and the school community;
- h. Exhibiting collaborative and collegial practices focused on improving instructional practice and student learning.

2. GUIDING PRINCIPLES

The following guiding principles shall serve to inform district practice in determining criterion scores:

- a. The primary goal of any system of teacher evaluation is to promote teacher and student growth and learning.
- b. A collaborative relationship between evaluator and evaluatee will be expected and is essential to the evaluation process.
- c. Accurate teacher evaluation requires trained observers using a research-based instructional framework who make accurate assessments of practice based on evidence with inter-rater agreement.
- d. The value of evaluation of practice is to shape the conversations that lead to improved practice.

- e. Embedded in the instructional framework is a system for growth in teaching practice.
- f. The evaluation process should be a systems approach, provide a vision of powerful instruction through a collaborative culture which results in a continuous and sustainable improvement for instruction and leadership.
- g. It is imperative to remain in the formative mindset until the final summative rating is determined.

3. OPERATING PRINCIPLES

a. Evidence and artifacts:

1. Both the teacher and the evaluator will contribute to evidence collection conversations necessary to complete the evaluation.
2. The teacher may provide additional evidence and artifacts to aid in the assessment of the teacher's professional performance against the instructional rubric, especially for those criteria not observed in the classroom.
3. The collection of evidence will be accomplished openly and whenever possible, jointly.
4. Up to five (5) work days after the final post observation conference, a teacher has the right to submit artifacts and evidence, however it is not required.
5. All evidence, measures, artifacts and observations used in developing the final summative evaluation score must be a product of the school year in which the evaluation is conducted.
6. The evidence provided by the teacher will be incorporated in the process and it will be a factor in determining the final summative evaluation score.

b. Record keeping:

All relevant documents used in annual evaluations shall be stored and referenced in the employee's personnel file at the end of the school year.

c. Electronic monitoring:

All observations shall be conducted openly. Mechanical or electronic devices shall not be used to listen to or record the procedures of any class unless it is initiated and agreed upon by the employee. Such recordings shall be used for evaluation purposes only and will not be shared without the employee's written consent.

4. CRITERIA PERFORMANCE SCORING

- a. The following four-level rating system will be used to evaluate certificated classroom teachers and describe performance along a continuum that indicates the extent to which the criteria have been met or exceeded. The performance level ratings are:

- 1 - Unsatisfactory
- 2 - Basic
- 3 - Proficient
- 4 - Distinguished

- b. A classroom teacher on a comprehensive summative evaluation shall receive one of the four performance ratings for each of the eight criteria.
- c. On a focused evaluation, a summative score is assigned using the summative score from the most recent comprehensive evaluation. This score becomes the focused summative evaluation score for any of the subsequent years following the comprehensive summative evaluation in which the certificated classroom teacher is placed on a focused evaluation. Should a teacher provide evidence of exemplary practice on the chosen focused criterion, a level 4 (Distinguished) score may be awarded by the evaluator.

SECTION F. EVALUATION TYPE ASSIGNMENTS (COMPREHENSIVE AND FOCUSED)

The following staff shall receive a comprehensive summative evaluation:

1. All classroom teachers shall receive a comprehensive summative evaluation at least once every six (6) years.
2. All classroom teachers who are provisional employees under RCW 28A.405.220 shall receive a comprehensive evaluation.
3. Any classroom teacher who received a summative evaluation performance level rating of 1 (unsatisfactory) or 2 (basic) in the previous school year shall receive a comprehensive evaluation.
4. All those not on a comprehensive evaluation shall be on a focused evaluation.

SECTION G. PROVISIONAL TEACHERS

This section applies to any person employed by a school district in a teaching or other nonsupervisory certificated position after June 25, 1976. This section provides the exclusive means for non-renewing the employment contract of a provisional employee and no other provision of law shall be applicable thereto, including, without limitation, RCW 28A.405.210 and chapter RCW 28A.645.

1. **"Provisional Teachers"** are those who are within their first three years of certificated employment with the District, except for those who have at least two years of certificated employment with another school district in the state of Washington. Those with such experience shall be provisional only during their first year of employment with the District.
2. All Provisional Teachers are subject to non-renewal of employment contract pursuant to RCW 28A.405.220.
 - a. Notwithstanding the provisions of RCW 28A.405.210, every person employed by a school district in a teaching or other nonsupervisory certificated position shall be subject to nonrenewal of employment contract as provided in this section during the first three years of employment by the district, unless:
 - i. The employee has previously completed at least two years of certificated employment in another school district in the state of Washington, in which case the employee shall be subject to nonrenewal of employment contract pursuant to this section during the first year of employment with the new district; or
 - ii. The school district superintendent will make a determination to remove an employee from provisional status if the employee has received one of the top two evaluation performance level ratings during the second year of employment by the district. Employees as defined in this section shall hereinafter be referred to as "provisional employees".
 - b. In the event the superintendent of the school district determines that the employment contract of any provisional employee should not be renewed by the district for the next ensuing term such provisional employee shall be notified thereof in writing on or before May 15th. Such notice shall be served upon the provisional employee personally, or by certified or registered mail, or by leaving a copy of the notice at the place of his or her usual abode with some person of suitable age and discretion then resident therein. Written notice will also be provided to the Association.
 - c. Such meeting shall be held no later than ten days following the receipt of such request, and the provisional employee shall be given written notice of the date, time and place of meeting at least three days prior thereto. At such meeting the provisional employee shall be given the opportunity to refute any facts upon which the superintendent's

determination was based and to make any argument in support of his or her request for reconsideration. The determination of the superintendent shall be subject to the evaluation requirements of RCW 28A.405.100.

- d. Within ten days following the meeting with the provisional employee, the superintendent shall either reinstate the provisional employee or shall submit to the school district board of directors for consideration at its next regular meeting a written report recommending that the employment contract of the provisional employee be non-renewed and stating the reason or reasons therefor.

A copy of such report shall be delivered to the provisional employee at least three days prior to the scheduled meeting of the board of directors. In taking action upon the recommendation of the superintendent, the board of directors shall consider any written communication which the provisional employee may file with the secretary of the board at any time prior to that meeting.

- e. The board of directors shall notify the provisional employee in writing of its final decision within ten days following the meeting at which the superintendent's recommendation was considered. - iii. The Principal shall make at least one (1) observation for a total observation time of thirty (30) minutes within the first ninety (90) calendar days of employment of all Provisional Teachers.

SECTION H. PROCESS FOR COMPREHENSIVE SUMMATIVE EVALUATION

1. PROCESS

Evaluation is a formative and summative process of analyzing evidence as it relates to the researched based instructional framework. The process of surfacing evidence leads to continuous improvement for teaching and learning. The comprehensive summative evaluation must assess all eight evaluation criteria and all criteria must contribute to the comprehensive summative evaluation performance level rating.

Evidence to Component Scoring: Each individual component within a criterion will be scored using a preponderance of evidence by an analysis of data and evidence such as but not limited to observations, conversations, artifacts, student growth, and reflective practice.

Component to Criterion Scoring: Once the components are scored, the evaluator will utilize a raw score methodology table to obtain a criterion score. The table used for this calculation is as follows:

Component to Criterion Scoring Bands

Number of Components	Unsatisfactory	Basic	Proficient	Distinguished
1	1	2	3	4
2	2	3 – 4	5 – 6	7 – 8
3	3 – 4	5 – 7	8 – 10	11 – 12
4	4 – 6	7 – 9	10 – 13	14 – 16
5	5 – 8	9 – 12	13 – 16	17 – 20
6	6 – 9	10 – 14	15 – 20	21 – 24

Criterion to Summative Performance Level Scoring: The rubric for each criterion on the final Comprehensive Evaluation report will be Unsatisfactory (1), Basic (2), Proficient (3), Distinguished (4). A final summative performance level rating will be given based on the total sum of the overall scores of the eight (8) state criteria using the state-based scoring band below:

SCORING BAND:

After each of the eight (8) criterion are scored, evaluators will use the following scoring band to determine final performance ratings for teachers.

Unsatisfactory (1)	Basic (2)	Proficient (3)	Distinguished (4)
8 – 14	15 – 21	22 – 28	29 – 32

2. COMPREHENSIVE EVALUATION STEPS

- a. Self-Assessment and Reflection
 - i. Each teacher shall reflect on his/her practice and be prepared to have conversations with their evaluator during the pre-observation/cycle of inquiry conference
 - ii. This is a personal reflection of practice and shall not be used in the summative comprehensive or focused end of year evaluation.
 - iii. The self-assessment and reflection shall serve as a tool for the goal setting process and cycle of inquiry area of focus.
- b. Goal Setting and Cycle of Inquiry Area of Growth
 - i. Each teacher shall combine his/her self-assessment, student classroom data, and conversations with their evaluator and establish a cycle of inquiry area of focus and student growth goals. Student growth goals can be interrelated or "nested."
 - ii. The cycle of inquiry area of focus and student growth goals shall be completed by the teacher prior to the pre-observation conference by using the cycle of inquiry area of growth template provided in Appendix D.
 - iii. During the pre-observation conference, the evaluator and the teacher shall finalize and mutually approve the cycle of inquiry area of focus and student growth goals.
 - iv. The student growth goals and cycle of inquiry area of focus may be conducted with a grade level, school level, or instructional team.
- c. Pre-Observation
 - i. Prior to the scheduled formal observations, the teacher shall meet with their evaluator.
 - ii. The purpose of the pre-observation conference is to discuss matters such as the employee's student growth goals, the cycle of inquiry area of focus, the professional activities to be observed, content, objectives, and strategies of the lesson, the length of the observation, and possible observable evidence to meet the scoring criteria. The cycle of inquiry area of focus shall drive the discussion at the pre-observation conference.

3. The evaluator shall conduct the observation within five (5) school days of the pre-observation conference unless otherwise agreed upon by evaluator or administrator.

d. Observation

- i. There are two "cycles" of formal and informal observations consisting of at least two observations for a total of least sixty minutes throughout the year. Provisional employees on their third year of employment shall have at least 3 observations consisting of at least 90 minutes throughout the year.
- ii. The first of at least two (2) prearranged formal observations for each teacher shall be conducted by December 15. The second of two (2) formal prearranged observations will occur no sooner than six weeks after the first formal observation unless mutually agreed upon by the teacher and his/her evaluator so that reasonable time can be provided for continuing professional growth.
- iii. Formal observations will not take place on early release or late start days, the day before or after winter or spring break, holidays and on days of an assembly or modified schedule, unless otherwise agreed to by the teacher.
- iv. The evaluator shall enter evidence (including artifacts) from observations.
- v. The evaluator or teacher may initiate additional informal or formal observations utilizing the steps described in Section H above with or without pre- and post-observation conferences.
- vi. This does not preclude general school-wide walkthroughs and drop-ins from administrators.

e. Post-Observation

- i. The purpose of the post-observation conference is to review the evaluator's and teacher's evidence related to the scoring criteria and the instructional framework rubric and to discuss areas of strength and opportunities for growth. The teacher or evaluator may provide additional evidence to aid in the assessment of the teacher's professional performance, including, but not limited to, evidence related to those criteria not observed in the classroom. Upon request by the teacher, the evaluator's notes will be shared with the teacher prior to the post-observation conference. The evaluator shall provide the teacher with a copy of the final written observation report within five (5) school days of the formal observation.
- ii. Evaluators will communicate teacher's preliminary performance ratings and or status in each of the components and criterion during the post observation conference. If a teacher is at risk of being rated basic (2) or below, the evaluator must schedule a time to meet with the teacher after each round of observations.
- iii. For any informal observation, when there is no post-observation conference, any concerns of the evaluator shall be communicated in writing to the employee within five (5) school days. Either party may request a post-observation conference and the conference shall be granted.

3. STUDENT GROWTH

- a. Student growth data that is relevant to the teacher and subject matter must be a factor in the evaluation process and must be based on multiple measures that can include the following tools:
 - i. Classroom-based
 - ii. School-based
 - iii. District-based
 - iv. State-based (within school year)

- b. Student growth data elements may include:
 1. The teacher's performance as a member of a grade-level team, subject matter, or other instructional team within a school when the use of this data is relevant and appropriate.
 2. The teacher's performance as a member of the overall instructional team of a school when use of this data is relevant and appropriate.
- c. Student Growth Impact Rating of Teachers on a comprehensive evaluation: Upon completion of the summative criteria scoring process, the evaluator will combine only the student growth rubric scores that are embedded in the instructional framework. These five (5) components are SG 3.1, SG 3.2, SG 6.1, SG 6.2, and SG 8.1. The raw score is the sum of these components, which determines the student growth impact rating as follows:

SCORING BAND:

Low	Average	High
5-12	13-17	18-20

4. STUDENT GROWTH INQUIRY- Pursuant to WAC 392-191A-100

Within two months of receiving the low student growth impact rating or at the beginning of the following school year, one or more of the following must be initiated by the evaluator:

- a. Examine student growth data in conjunction with other evidence including observation, artifacts and other student and teacher information based on appropriate classroom, school, District and state-based tools and practices.
- b. Examine extenuating circumstances which will include one or more of the following:
 - i. Goal setting process
 - ii. Content and expectations
 - iii. Student attendance
 - iv. Extent to which standards, curriculum and assessment are aligned
- c. Schedule monthly conferences focused on improving student growth to include one (1) or more of the following topics:
 - i. Student growth goal revisions
 - ii. Refinement and progress
 - iii. Best practices related to instruction areas in need of attention
 - iv. Best practices related to student growth data collection and interpretation
- d. Create and implement a professional development plan to address student growth areas.

5. FINAL COMPREHENSIVE SUMMATIVE EVALUATION CONFERENCE

- a. If any provisional staff receives a final comprehensive summative score of Level 1 (unsatisfactory) or Level 2 (basic), the evaluator and teacher shall meet, no later than May 1, to discuss the teacher's final comprehensive summative score. The evaluator must provide at least three (3) pieces of evidence for that judgment for each criterion scored Basic or Unsatisfactory.
- b. If any continuing staff receives a summative score of Level 1 (unsatisfactory) or Level 2 (basic), the evaluator and teacher shall meet no later than May 1 to discuss the teacher's final comprehensive summative score. The evaluator must provide at least three (3) pieces of evidence for that judgment for each criterion scored Basic or Unsatisfactory.

- c. The teacher will sign two (2) copies of the Final Summative Evaluation Report. The signature of the teacher does not necessarily imply that the employee agrees with its contents. The teacher may attach any written comments to observations and to the final annual evaluation report as well.

No evaluator, principal, or other supervisory personnel will evaluate a teacher without having received training in evaluation procedures; including observation and the use of the specific instructional framework and rubric contained in this agreement. All certificated classroom teachers will be evaluated by an evaluator who holds a valid certificate.

SECTION I. FOCUSED EVALUATION OPTION

1. PROCESS

In the years when a comprehensive summative evaluation is not required, classroom teachers who received a comprehensive summative evaluation performance level rating 3 (proficient) or above in the previous school year will be evaluated using the focused evaluation.

A teacher may only stay on the Focused Evaluation Option for five (5) consecutive years before returning to the comprehensive evaluation. However, the teacher or evaluator may initiate a move from the Focused Evaluation Option back to the Comprehensive Summative Evaluation. If the evaluator is initiating the move back to a comprehensive evaluation, a conference shall be conducted and rationale and evidence for the decision shall be cited. Should an evaluator or teacher initiate a change back to a comprehensive evaluation for that school year, the parties impacted by this change must be informed of this decision in writing any time on or before December 15th. A full cycle of inquiry must be completed prior to a decision to move a teacher from a focused to a comprehensive evaluation.

Pursuant to WAC 392-191A-110:

- a. School districts must ensure that all classroom teachers are observed for the purposes of focused evaluation at least twice each school year in the performance of their assigned duties.
- b. As appropriate, the evaluation of the certificated classroom teacher may include the observation of duties that occur outside the classroom setting.
- c. School districts must ensure that all certificated classroom teachers who are subject to a focused evaluation are observed for a period of no less than sixty minutes during each school year.

Pursuant to WAC 392-191A-120, the conduct of the focused evaluation of classroom teachers must include, at a minimum, the following:

- a. One of the eight criteria for certificated classroom teachers must be assessed in every year that a comprehensive evaluation is not required.
- b. The selected criterion shall be initiated by the teacher and approved by the evaluator. The selected criterion may have been identified in a previous comprehensive summative evaluation as benefiting from additional attention.
- c. The focused evaluation will include the student growth rubrics of the selected criterion. If criterion 3, 6 or 8 is selected, evaluators will use those student growth rubrics. If criterion 1, 2, 4, 5, or 7 is selected, classroom teachers will select student growth components from either criterion 3 or 6 student growth rubrics.
- d. A summative performance level rating is assigned using the summative score from the most recent comprehensive evaluation. This score becomes the focused summative evaluation score for any of the subsequent years following the comprehensive summative evaluation in which the certificated classroom teacher is placed on a focused evaluation. Should a teacher provide evidence of exemplary practice on the chosen focused criterion, a level 4 (Distinguished) score may be awarded by the evaluator.

2. FOCUSED EVALUATION STEPS:

- a. Self-Assessment and Reflection
 - 1. Each teacher shall reflect on his/her practice for only the selected focused evaluation area and be prepared to have conversations with their evaluator during the pre-observation/cycle of inquiry conference.
 - 2. This is a personal reflection of practice and shall not be used in the summative comprehensive or focused end of year evaluation.
 - 3. The self-assessment and reflection shall serve as a tool for the goal setting process and cycle of inquiry area of focus.
- b. Goal Setting and Cycle of Inquiry Area of Growth
 - 1. Each teacher shall combine his/her self-assessment, student classroom data, and conversations with their evaluator and establish a cycle of inquiry area of focus and student growth goals.
 - 2. The cycle of inquiry area of focus and student growth goals shall be completed by the teacher prior to the pre-observation conference by using the cycle of inquiry area of growth template provided in Appendix D.
 - 3. During the pre-observation conference, the evaluator and the teacher shall finalize and mutually approve the cycle of inquiry area of focus and student growth goals.
 - 4. The student growth goals and cycle of inquiry area of focus may be conducted with a grade level, school level, or instructional team.
- c. Pre-Observation
 - 1. Prior to the scheduled formal observations, the teacher shall meet with their evaluator.
 - 2. The purpose of the pre-observation conference is to discuss matters such as the employee's student growth goals, the professional activities to be observed, content, objectives, and strategies of the lesson, the length of the observation, and observable evidence. The cycle of inquiry area of focus shall drive the discussion at the pre-observation conference.
 - 3. The evaluator shall conduct the observation within five (5) school days of the pre-observation conference.
- d. Observation
 - 1. There is one "cycle" of inquiry consisting of at least one thirty (30) minute formal observation during the school year. The prearranged formal observations for each teacher shall be conducted by the end of the first semester.
 - 2. The evaluator or teacher may initiate additional formal or informal observations to meet the sixty (60) minute observation requirement utilizing the steps described in section 9 above. These informal observations may be with or without pre- and post-observation conferences. Any concerns surfaced during an informal observation shall be communicated in writing to the employee within five (5) school days.
 - 3. In addition, evaluators and teachers may initiate mutually agreed upon professional learning activities connected to their cycle of inquiry area of focus and or student growth goals to count towards the remaining thirty (30) minutes of required observation time. This may include activities such as conversations with evaluators and other educators, mentoring, professional development, peer to peer learning, coaching and evidence collections.
 - 4. The evaluator will enter evidence (including artifacts) from observations.
 - 5. This does not preclude general school-wide walkthroughs and drop-ins from administrators.
- e. Post-Observation
 - 1. The purpose of the post-observation conference is to review the evaluator's and teacher's evidence related to the scoring criteria and the instructional framework rubric and to discuss strengths and opportunities for growth. The teacher or evaluator may provide additional evidence to aid in the assessment of the teacher's professional performance, including, but not

limited to, evidence related to those criteria not observed in the classroom. Upon request by the teacher, the evaluator's notes will be shared with the teacher prior to the post-observation conference. The evaluator shall provide the teacher with a copy of the final written observation report within five (5) school days.

2. Either party may request a post-observation conference. If requested, the conferences shall be granted.

SECTION J. PROFESSIONAL SUPPORT FOR BASIC AND UNSATISFACTORY

1. SUPPORT FOR PROVISIONAL EMPLOYEES PRIOR TO NON-RENEWAL

Before non-renewing a provisional teacher, the evaluator shall have made a good faith effort beyond the minimum requirements of the evaluation process to assist the teacher in making satisfactory progress toward remediating deficiencies. A good faith effort shall include:

- a. The District shall provide written notice to the Association when support begins for an employee.
- b. Written feedback to the employee regarding deficiencies with recommendations or directives for improvement that include examples or strategies where appropriate.
- c. A completed comprehensive evaluation conducted in accordance with Section H.
- d. Written notice of intent to non-renew will be provided to the teacher and the Association prior to May 15.
- e. The district may elect to provide additional services and support to provisional employees to help them make progress toward remediating deficiencies prior to non-renewal.

2. SUPPORT FOR CONTINUING EMPLOYEES (PRIOR TO PROBATION)

A Professional Support Plan (not a probationary plan) shall offer support provided and funded by the district. A Professional Support Plan for continuing contract employees will identify the specific evaluative areas needing growth based on criteria, components, and indicators and the desired performance expectations. Additionally, the plan will provide for periodic performance feedback during that school year.

In such cases that a teacher on a continuing contract is judged below three (3) Proficient, a professional support plan shall be provided by the Cashmere School District. The professional support plan developed by the evaluator in collaboration with the teacher may include, but is not limited to:

- a. A mentor, experienced with the level (e.g. elementary, secondary) of the teacher to work with the teacher during the duration of the professional support plan. Mentor will be compensated for this extra work.
- b. Up to three days of release time to observe and/or be observed by other teachers in the district.
- c. Relevant professional development courses and/or materials. For example, if the teacher is struggling with classroom management, they could receive professional development on classroom management and discipline procedures.
- d. Access to online training materials that support areas needing growth.
- e. Additional observations and evidence support on the areas of deficiencies.

The District will notify the association when a continuing contract employee is judged below a three (3) after their final summative performance level rating. Additional supports may be discussed and added by mutual agreement of the teacher and evaluator.

SECTION K. PROBATION

At any time after October 15th, a non-provisional classroom teacher whose work is judged not satisfactory based on the district scoring criteria for the completed comprehensive summative evaluation, shall be

placed on probation and notified in writing of the specific areas of deficiencies along with a written reasonable program for improvement.

1. A classroom teacher's work is not judged satisfactory if the comprehensive summative evaluation performance level is:
 - a. Summative Performance Level Rating 1 (unsatisfactory); or
 - b. Summative Performance Level Rating 2 (basic) if the classroom teacher is a continuing contract employee under RCW 28A.405.210 with more than five years of teaching experience and if the Comprehensive Summative performance rating is 2 (basic) comprehensive summative evaluation performance rating has been received for two consecutive years or for two years within a consecutive three-year time period.
2. In the event that an evaluator determines on the basis of the evaluation criteria, that the performance of a teacher under his/her supervision merits probation, the evaluator shall report the same in writing to the Superintendent. The report shall include the following:
 - a. The evaluation report prepared pursuant to the provisions of Section H; and
 - b. A recommended specific and reasonable program designed to assist the teacher in improving his or her performance.
3. If the Superintendent concurs with the evaluator's judgment that the performance of the employee is unsatisfactory, the Superintendent shall place the teacher in a probationary status.
 - a. Before being placed on probation, the Association and the teacher shall be given notice of action by the Superintendent.
 - b. During the period of probation, the employee will not be transferred from the supervision of the original evaluator.
 - c. The Cashmere Education Association may elect to bring in an outside professional to observe, advise, and assist the teacher while on probation.
 - d. Sufficient improvement of identified deficiencies or a new Summative Performance Level Rating 3 (proficient) must occur and be documented by the original evaluator before any consideration of a request for transfer or reassignment as contemplated by either the individual or the school district.
 - e. A probationary period of sixty school days shall be established. Days may be added if deemed necessary to complete a probationary program for improvement and evaluate the probationer's performance, as long as the probationary period is concluded before May 15th of the same school year. The probationary period may be extended into the following school year if the probationer has five or more years of teaching experience and has a comprehensive summative evaluation performance rating as of May 15th of less than Level Rating 2 (basic).
 - f. The establishment of a probationary period does not adversely affect the contract status of an employee within the meaning of RCW 28A.405.300. The purpose of the probationary period is to give the employee opportunity to demonstrate sufficient improvement (rating of proficient) in his or her areas of deficiency.
 - g. The establishment of the probationary period and the giving of the notice to the employee of deficiency shall be by the school district superintendent and need not be submitted to the board of directors for approval. The notice of action shall contain the following information:
 - i. Specific areas of performance deficiencies identified from the instructional framework;
 - ii. A suggested specific and reasonable probationary program for improvement;
 - iii. A statement indicating the duration of the probationary period.
 - iv. A probationary (program for improvement) will be developed and will include the specific evaluative criteria which must be met, the measures and benchmarks which will be used to determine the teacher's success or failure. The plan will include a system for periodic feedback during the term of probation and will include supports, listed in *Section J* -

Professional Support Plan for Basic and Unsatisfactory, provided and funded by the district, and the dates that those supports will be put in place.

4. Evaluation within the Probationary Period (Within 60 days)

- a. At or about the time of delivery of a probationary letter, the evaluator shall hold a personal conference with the probationary teacher to discuss performance deficiencies and the remedial measures to be taken.
- b. Once the areas of deficiency and criteria for improvement have been determined, they will not be changed without evidence and notification to the Association.
- c. During the probationary period, the evaluator shall meet with the probationary teacher at least twice a month to supervise and make a written evaluation of the progress. The provisions of *Section H - Comprehensive Evaluation*, above shall apply to the documentation of Observation reports during the probationary period.
- d. The probationary teacher may be removed from probation at any time if he/she has demonstrated sufficient improvement in those areas specifically detailed in his/her notice of probation.
- e. The evaluator may authorize one additional certificated employee to evaluate the probationer and to aid the employee in improving their area of deficiency(ies). Should the evaluator not authorize an additional evaluator, the probationer may request that an additional certificated evaluator become part of the probationary process. This request must be implemented by including an additional experienced evaluator assigned by the educational service district in which the school district is located and selected from a list of evaluation specialists compiled by the educational services district. Such additional certificated employee shall be immune from any civil liability that might otherwise be incurred or imposed during an otherwise good faith performance of an evaluation. Procedural errors occurring during a program for improvement do not invalidate the effectiveness of the plan or the ability to evaluate the probationer's performance.
- e. If a procedural error occurs in the implementation of a professional support plan, the error does not invalidate the probationer's professional support plan or evaluation activities unless the error materially affects the effectiveness of the plan or the ability to evaluate the probationer's performance.

5. A classroom teacher must be removed from probation if he or she has demonstrated improvement that results in a new comprehensive summative evaluation performance level rating of:

- a. Summative Performance Level 2 (Basic) or above for a provisional employee or a continuing contract employee with five or fewer years of experience; or
- b. Summative Performance Level 3 (Proficient) or above for a continuing contract employee with more than five years of experience.

6. Lack of necessary improvement during the established probationary period, as specifically documented in writing with notification to the probationer constitutes grounds for a finding of probable cause under RCW 28A.405.300 or 28A.405.210

7. Evaluator's Post-Probation Report

Unless the probationary employee has previously been removed from probation, the evaluator shall submit a written report to the Superintendent at the end of the probationary period which shall identify whether the performance of the probationary teacher has sufficiently improved and which shall set forth one (1) of the following recommendations for further action:

- a. That the employee has demonstrated sufficient improvement in the stated areas of deficiency to justify the removal of the probationary status; or
- b. That the teacher has demonstrated sufficient improvement in the stated areas of deficiency to justify an extension of the probationary status. This should be accompanied by a letter identifying areas where further improvement is required; or

- c. That the teacher has not demonstrated sufficient improvement in the stated areas of deficiency and action should be taken to non-renew the employment of the teacher.
8. Action by the Superintendent
- a. Following a review of the evaluator's post-probation report, the Superintendent shall determine which of the courses of actions is proper and shall take appropriate action to implement such a determination.
 - b. A teacher who fails to successfully complete the probationary process, as outlined above, will have their probationary period extended or may be recommended for non-renewal.
 - c. Records of probation and supporting documentation for an unsatisfactory evaluation will only be maintained in the teachers file for the length of time mandated by State law and will, if no further unsatisfactory analysis is made in the interim, be removed and destroyed upon request.
 - d. Immediately following the completion of a probationary period that does not produce performance changes detailed in the initial notice of deficiencies and program for improvement, the teacher may be removed from his or her assignment and placed into an alternative assignment for the remainder of the school year immediately following the completion of a probationary period that does not result in the required comprehensive summative evaluation performance level ratings specified in Section K.5.
 - e. This reassignment may not displace another employee nor may it adversely affect the probationary employee's compensation or benefits for the remainder of the employee's contract year. If such reassignment is not possible, the district may, at its option, place the employee on paid leave for the balance of the contract term.

SECTION L. NON-RENEWAL (DISCHARGE)

When a continuing contract teacher with five (5) or more years of experience receives a comprehensive evaluation Summative Performance Level 1 (Unsatisfactory) rating for two (2) consecutive years, the District shall, within ten (10) days of the completion of the final Evaluation Conference or May 15, whichever occurs first, implement the teacher notification of non-renewal (discharge) as provided in RCW 28A.405.300.

SECTION M. APPLICABILITY TO GRIEVANCE PROCEDURE

7. **Adverse Effect:** Probation shall not be deemed to adversely affect the contract status of an employee within the meaning of RCW 28A.405.300.

ARTICLE VI - REDUCTION IN FORCE, PROCEDURES AND CRITERIA

SECTION A. POLICY

The District, insofar as possible, shall protect the professional integrity of all employees whose contracts are not renewed as a result of application of the procedures and criteria provided herein. Non-renewal of their contracts shall not reflect in any way or be considered as a comment on their professional competency or ethics. The District shall assist the employees in finding positions of equal status in this or another district.

SECTION B. PROCEDURE

1. **Determination of Reduced Program:** If the District is confronted with a levy failure, possibility of a levy failure, reduction in student enrollment, loss of funds, or other causes which may result in a reduction in the educational program and the number of employees in the District, the Board and the administrative staff of the District shall follow the sequence of steps below in assessing the degree of the financial shortage and steps to be taken:
 - a) Review of student needs and the scope of the educational program to meet requirements (local, state and federal)
 - b) Determination of the funds available from local budget, state funds, federal funds and special grants-calculation of the shortage of funding to meet financial needs
 - c) Review of current budget to determine where non-personnel expenditures can be reduced and still permit safe, legal operation of the schools
 - d) Definition/description of a reduced educational program that will meet legal requirements and student needs
 - e) Description of the positions necessary to carry on and adapt to the newly revised program
 - f) Explicit definition and evaluation of the impact of the reduced program upon the certificated staff of the District
 - g) An analysis by the administrative staff of the total number of employees leaving the District for reasons of retirement, family transfer, normal resignations, leaves of absence or discharge and/or those in provisional employee status
 - h) Design of a plan to fill the openings created from the changes immediately described above with certificated employees currently employed by the District
 - i) In considering and determining whether or not a certificated employee should be retained to fill a particular position or should be given notice of probable cause or causes for non-renewal of his/her contract under the procedures provided above, the following factors shall be considered: Application by administrative staff of the criteria described below to determine tentatively who will be placed in what positions where people will be transferred or reassigned:
 - Academic preparation for such position or similar positions, including the current requirements from the Office of the Superintendent of Public Instruction regarding endorsements and teacher assignments as provided in WAC 181-82 and other applicable laws/regulations such as Highly Qualified requirements; and
 - Experience in such position or similar position in district; and
 - If two or more certificated employees are deemed equally qualified to handle a position under the criteria above, the determination will take into account the time of service in such position or similar position in the State of Washington.
 - The assignment of staff members will be determined using the standard of placing employees in the positions that will provide maximum academic strength, educational experience and social development for students.

- j) Further determination as to what additional preparation for certain employees might be needed to fit a new assignment and the practicality of completing the training by the beginning of the coming school year
- k) Preparation by the administrative staff of a plan for the revised educational program, the tentative assignment and reassignments necessary to offer the program
- l) Recommendation of a tentative program and estimate of positions under this reduced program shall be referred to the Board by the Superintendent

Thereafter, if determined necessary, the Superintendent shall make a determination of probable cause or causes for non-renewal in accordance with RCW 28A.405.210, based on the criteria herein set forth.

1. **Legal Notices:** Legal notices shall be sent as soon as possible (in all cases, prior to May 15) to the affected individuals as stipulated under the section of this agreement concerning the non-renewal of contracts in accordance with RCW 28A.405.210.
2. **Re-Employment Pool:** Any certificated employee, upon hearing of the administrative recommendations as provided in paragraph 1 above, or of the determination that probable cause exists for non-renewal of his/her employment contract, may request and be entitled to receive a leave of absence for the ensuing school year by filing a written request no later than May 30th. Any employee taking such leave shall be placed in the employment pool. If it is necessary to apply this policy for the school year following that during which a certificated employee is on leave as provided herein, this policy shall then be applied to determine if probable cause exists for not renewing such employee's contract.

Any certificated employee given notice that his/her contract will not be renewed at the end of the current school year, or taking leave as provided herein, shall receive preferential treatment in filling vacancies for which they are qualified. All employees given notice of non-renewal or taking leave shall be placed in an employment pool for possible employment for a period extending to the commencement of the first school year after that for which they took leave or were non-renewed, or for an additional school year, if requested in writing, on or before April 1, preceding such year.

When a vacancy occurs, notification thereof shall be given by the school district to all employees in the pool by certified mail, return receipt requested, to the last known address of such employee or by personal delivery of such written notification to such employee. Any employee shall have ten (10) calendar days from receipt of such written notice to request consideration for the vacant position.

Such vacancy shall be filled from the employment pool by the employee determined to be qualified by the Board, applying the criteria herein, to fill such vacancy. Priority and competency of all employees requesting consideration for a vacant position shall be determined by the Board following a consideration of the same factors and in the same order as enumerated in the criteria contained herein.

3. **Substitute Pool:** If any certificated employee in the employment pool desires to be considered for substitute work, he or she shall advise the Board in writing. Any such employee shall then be placed in a substitute pool with first priority for substitute work for which they are deemed competent under the criteria herein.

SECTION C. CRITERIA

In considering and determining whether or not a certificated employee should be retained to fill a particular position or should be given notice of probable cause or causes for non-renewal of his/her contract under the procedures provided above, the following factors shall be considered:

1. Past performance as indicated by the annual evaluation report of such certificated employee.
2. Academic preparation for such position or similar positions; and
3. Experience in such position or similar in district position.

If two or more certificated employees are deemed equally qualified to handle a position under the three (3) criteria listed above, determination of the teacher to be retained shall be based upon time of service in the public schools of the State of Washington.

ARTICLE VII - INSTRUCTION

SECTION A. PREPARATION TIME

The Parties acknowledge that an employee's primary responsibility is to teach and that his/her energies should, to the greatest extent possible, be utilized to this end. Therefore, the District shall not require employees to supervise regularly scheduled recess and lunch duty, where such responsibilities may be capably performed by paraprofessionals or other qualified persons.

Employees shall receive preparation time in the following manner:

Preschool	200 minutes per week
Kindergarten	200 minutes per week
Grades 1 - 4	200 minutes per week
Grades 5- 12	1 class period per contract day

Prep time shall include at least one thirty-five (35) minute block each day. Employees who are less than full-time employees shall be prorated in terms of time given for preparation or time required to be present before or after school according to the percent of full-time assignment they hold.

1. **Use:** The use of preparation time shall be for professional purposes as determined by the employee. Employees shall have the right to use for preparation time any and all time during which their classes are receiving instruction or assistance from a specialist, or are generally under the supervision of a specialist.
2. **Loss of Preparation Time:** An employee shall not be asked to assume the responsibility of another employee's class during his/her preparation time, except in unforeseen emergencies, or when, because of time limitations, arrangement for regular substitutes cannot be made. Any employee who is required to cover another employee's classroom assignment due to co-curricular activities or school related activities shall receive thirty dollars (\$35) per assignment. Any employee who is requested to cover two (2) classes at one time will be paid per-diem for that time. Every effort will be made to balance the loss of preparation time due to schedule changes, for example late starts, early release, assemblies, parent conferences, and state assessments.
3. **30/30 Bar:** The 30 minutes before students arrive and the 30 minutes after students depart is not to be computed as a part of the preparation time defined above, but is to be used by employees as additional preparation time, time for giving students extra assistance, conferences, consultations, faculty meetings, supervision and similar professional purposes.

SECTION B. WORKLOAD

Music classes shall also be reviewed, by the committee to ensure quality delivery of services to the students involved. The building principal's decision shall be final.

The Cashmere School District and the Cashmere Education Association recognize a growing number of students with special needs. This includes, but is not limited to, students with medical needs, English Language Learners, and students with behavioral challenges. The district/building administrator will take this into consideration when finalizing student placement in an effort to maximize learning and teaching. Student placement will be reviewed, as requested by either party, to ensure quality delivery of services to students.

- b. **Exceeded Limits:** In the event a class size is exceeded, (i.e., enrolled students who have actually attended), for five (5) consecutive school days, the following shall apply: The District shall have ten (10) student days to reduce the class size without increasing costs which may include transferring students, restructuring classes to create grade level combinations, or any other educationally sound possibilities. Such solutions will be finalized by completing the Exceeding Class Size Limits Form (Appendix P).

2. Special Education

Since the nature of the work of each category of special education staff is unique, the Special Education Director and special education staff will review and communicate about caseload, at least quarterly, or as needed. The purpose of the review will be to evaluate programming and communicate caseload concerns and recommendations. Either the special education staff or the Director may make recommendations.

Before a change of placement occurs for a student with an IEP, the employee working with the student will be informed of the student's needs according to their IEP.

a. **Definitions**

Case Management, or **Case Manager** means the certificated employee who has primary responsibility for managing a student's IEP; **Caseload** is the actual number of students for whom the teacher provides services. It does not include IEPs for which the employee only provides related monitoring or consult services.

b. **Procedure for Maintaining Reasonable Caseload**

The building principal and special education certificated staff member(s) will meet within five (5) workdays when concerns are brought forward and discuss possible solutions. Recommendations will be forwarded to the Director.

Should the caseload concerns of a special education employee require relief, the following options will be considered:

- Assistance in developing teaching strategies
- Additional supplies/materials/equipment
- Additional release time for planning
- Other forms of non-staffing assistance
- Redistribution of caseload and/or case management duties
- Reassignment of certificated staff
- Added classroom paraeducator time

An individual employee's limit will be increased by one (1) student for every one hour per day of trained paraeducator time assigned to help students.

e. **Case Management Compensation**

Classroom Teachers

Special Education teachers (including Pre-K) will receive the equivalent of twelve (12) days of per diem pay to compensate for case management responsibilities that fall outside of the workday for data collection and analysis, reporting, writing IEP goals, IEP meetings, etc.

Nine (9) of these days will be paid via supplemental contract, however, documentation of the hours worked must be submitted at the end of the school year. The remaining three (3) days may be time-sheeted or taken as substitute days in lieu of per diem payment, provided a substitute is available. To qualify for these days, the IEP must be completed and turned in to the Special Education Director's office on time and meet District standards and/or be ready for submission to safety net.

f. **Collaboration with Other Staff**

The parties recognize the need for collaboration between employees regarding the specific learning needs of students identified as needing services. That time is difficult to arrange in most situations. With this need in mind, the first preference is to create master schedules that accommodate collaboration between educators and/or alternate uses of existing time. When such adjustments to the regular master schedule are not possible, each teacher assigned to Special Education may work with the Special Education Director to arrange for a substitute to cover their class (up to two (2) days per month) to provide time to meet with teachers assigned to regular education classrooms.

g. **Licensure**

Any employee required to obtain state licensure in order to bill Medicaid will be reimbursed for the cost of their licensure.

SECTION C. ACADEMIC FREEDOM

Pursuant to Washington law, the District has the final authority and responsibility to develop and adopt courses of study and lists of instructional materials. The parties adhere to the principle of the employee's freedom to provide supplemental materials and to think and express ideas and concepts on issues, including controversial issues, when such are germane to the District's instructional program and when related to subject matter in a given grade level. Employees will use professional judgment in determining the appropriateness of the issues presented, taking into consideration the parties' commitment to the democratic tradition; a concern for the rights, growth and development of students; objective scholarship; and recognition of the maturity level of students. Further, the parties agree that the District's schools are not the appropriate forum for the expression of personal, religious or political views, or for the militant advocacy or any particular cause or point of view.

SECTION D. FACULTY DRESS AND GROOMING GUIDE

Faculty members are expected to maintain a professional appearance appropriate to their assignment.

SECTION E. SUPPLIES, MATERIALS AND EQUIPMENT

1. **Text Book and Supplemental Materials Adoptions:** All textbook and supplemental material adoptions shall follow the state law for instructional materials adoptions and as coordinated through the District Curriculum Committee.

The District shall maintain sufficient extra copies of textbooks and supplemental materials in order that no one building is penalized financially for class size aberrations. Such "extra" textbooks and supplemental materials may be drawn upon by employees needing extra copies above the normal or average class size.

Employees will make requests for supplies, materials and equipment through the building principal who coordinates the building budgets for purchases.

2. **Incidental Supplies, Materials and Equipment Credit/Clock Hour Reimbursement:** Three hundred dollars (\$300) per FTE employee will be added to the building budgets for use as either individual classroom purchases or group/building purchases of incidental supplies, materials and equipment. Reimbursement shall be by receipt of purchase. Employees shall apply for reimbursement prior to the District's January and June reimbursement dates but in no case after June 15th. Purchases cannot conflict with District policies or procedures.

The sum of three hundred dollars (\$300) may also be used to help defray the cost of credits or clock hours taken by the employee. Reimbursement shall be by receipt of verification of clock hours or receipt of transcripts for credit. Application for credit clock hour reimbursement must be received in the district office

by August 31st. Incidental supplies and materials allocations that remain unspent after the June cutoff date will be pooled and added back to the building budget in September of the following school year. Allocations will be to each building that has leftover incidental supplies and materials funds. Each building will convene a committee of certificated *staff* to determine the expenditure of such funds.

SECTION F. STUDENT DISCIPLINE

This review shall provide ample opportunity for discussion of federal and state laws concerning student discipline and employees' rights and responsibilities related hereto.

This annual review of discipline policies and procedures will include the building discipline plan and the meeting will afford an opportunity for staff input regarding its implementation. The principal and employees will have the opportunity to discuss, plan and arrange for *staff* development related to student discipline.

2. **Student discipline related to classroom management, employee rights and responsibilities:** Every employee shall have the right and responsibility to maintain student behavior consistent with a good educational atmosphere. The District shall support employees in their efforts to maintain a classroom environment conducive to student learning. Any disciplinary consequences applied to students will be done following Federal Law, RCW's, Board Policy, and building procedures.
 - a. Before a student is excluded from a classroom, the employee must first attempt and document one or more forms of corrective action to support the student in meeting behavioral expectations unless the student's presence poses an immediate danger to other students or school personnel.
 - b. Following building discipline procedures, an employee may exclude a student for all or any portion of the balance of a period, activity, or school day, or up to the following two (2) days, or until the principal or designee and teacher have conferred, whichever occurs first. Building procedures include immediately informing the principal or designee of the circumstances that preceded the exclusion of the student, providing any appropriate documentation, and ensuring that the student is safely transferred to the office or calling for assistance. "Confer" means that the principal or designee and the teacher have communicated with each other away from students, reviewed documented alternative forms of corrective action, discussed the student's behavior and the principal's or designee's decision regarding consequences, created a plan for student re-entry, and decided if a re-entry conference is needed.

When a student is excluded by an employee under the circumstances noted above for the first time each semester, the employee will inform the parent of the exclusion before the end of the school day, or immediately after student dismissal on the day the incident occurred. If a student has previously been excluded or if the student's consequence for disruptive behavior extends beyond exclusion from the classroom or activity area for that day, the building principal or designee will have the responsibility for communication with the parent or guardian.
3. **Information and notification regarding students with a background of violent behavior:** A student may be assigned to a teacher's class or may be returning from a disciplinary suspension who evidences (or has evidenced) symptoms or behaviors that could present a health or safety problem(s) to the employee or other students. The principal will inform the teacher(s) (up to the entire staff as circumstances warrant) of the problems in advance of the assignment or return to class, or as soon as such information becomes available. Upon request of an employee, the principal shall meet with the teacher(s) at the earliest time such information becomes available to discuss strategies for managing these situations and for outlining district resources and services that may be made available for assistance.

STEP 2. Superintendent: If the grievant is not satisfied with the disposition of the grievance at Step 1, or if no decision has been rendered within the timeline, the grievance may be appealed to the Superintendent. The Superintendent shall arrange for a hearing with him/her self, the grievant, the first level supervisor and the Association Representative, to take place within five days of his/her receipt of the appeal. The grievant and the Association shall have the right to include in the representation such witnesses as they deem necessary to develop the facts pertinent to the grievance. Upon conclusion of the hearing, the Superintendent will have five days to provide his/her written decision, together with the reasons for the decision to the grievant and the Association.

STEP 3. Binding Arbitration: If the Association is not satisfied with the decision at Step 2, or if no disposition has been made within the timeline, the Association may submit a Demand for Arbitration to the American Arbitration Association (AAA), along with a copy to the Superintendent. The arbitration shall be controlled by the Voluntary Arbitration Rules of AAA, provided that the Parties shall strike names from the panel selected by AAA within ten days of receipt of such panel. Neither the District nor the Association shall be permitted to assert in such arbitration any ground not previously disclosed to the other party.

The arbitrator shall have complete authority to make any decision and provide any remedy appropriate except as otherwise expressly prohibited by law or this Agreement. If the arbitrator finds that the District's action has been taken to accrue unjust enrichment, the arbitrator may require the District to compensate for any damages inflicted or to turn over any monies acquired as a result of such unjust enrichment. Both parties agree that the award of the arbitrator shall be final and binding.

The costs for the services of the arbitrator, including per diem expenses, if any, and his/her travel and subsistence expenses and the cost of any hearing room, will be borne equally by the Parties; all other costs will be borne by the party incurring them, except that where the arbitrator finds that the position of one party is an intentional breach of contract, the arbitrator may require that party to pay all expenses.

SECTION G. MISCELLANEOUS CONDITIONS

2. **No Reprisals:** No reprisals of any kind will be taken by the District or its agents against any employee because of his/her participation in this grievance procedure.
3. **Cooperation of the Parties:** The Parties will cooperate in their investigation of any grievance; and will furnish such information as is requested for the processing of any grievance.

For the purpose of assisting an employee or the Association in the prosecution or defense of any contractual, administrative, or legal proceeding, including, but not limited to grievances, the District shall permit an employee and/or an Association representative access to and the right to inspect and acquire copies of his/her personnel file and any other files or records of the District which pertain to the affected employee or any issue in the proceeding in question.

4. **Released Time:** Should the investigation or processing of any grievance require that an employee(s) or an Association representative(s) be released from his/her regular assignment, upon request of the Association, he/she shall be released without loss of pay or benefits.
5. **Files:** All documents, communications, and records dealing with the processing of a grievance shall be filed separately from the personnel files of the participants.
