Why do we need this information? New laws require us to report this information to the state and federal government. Information will be analyzed along with census information to determine funding for schools and educational programs and services for all students. Every school district in Washington is now required to report this information for **EACH** student, but the data is **NOT** reported with the names of individual students. Please be aware that like our other state reports, the data is sent in numbers only with no student names attached to those numbers.

Recently, the federal government expanded the categories for student ethnicity and race data. Because of these changes, we need to ask you to identify your child as Hispanic/Latino or not Hispanic/Latino and by one or more racial groups.

Washington state now has 222 racial categories to choose from. If one parent identifies with one race and the other parent with another, you will be able to check both races for your child.
