Food Service

Another tricky problem to solve but important service we provide our CMS students:

→ **What**

Lunch & Breakfast DAILY.

→ **Who**

Any student that wants or needs it.

→ **When**

Students will not eat at school but they will bring their food home with them.

We will need to know your
TRANSPORTATION
plans. Will your student be
taking a bus or getting to
school by other means?

Safety First

- Buses & vans will be cleaned between routes.
- Students will social distance to the best of their ability.
- Sibling groups will be asked to sit together.
- Masks will be required to board a bus.

We need some information from you.

Will your student be returning to CMS
@ school?

Will your student be a bus rider?

Will your student be receiving food
services?

*Homeroom teachers will be reaching out to get
this information from families.*

CMS @home

CMS @home will continue to be an option for families.

We won't know who will be our CMS @ home teacher(s) until we get a better idea of how many students will be opting for @ home.

Our current plans for CMS @home are not finalized but will include some form of online live instruction.

A man with glasses and a light-colored button-down shirt is sitting in a black office chair at a desk in a classroom. He is looking at a laptop screen. On the desk, there is a silver water bottle, a blue cup, and some papers. In the background, there are other desks and chairs, a whiteboard, and a bulletin board covered with many small photos or cards. A map of the United States is on the wall.

Note

CMS @home families can join CMS @school at any time.

Specifics on the timing of students returning to in person instruction will include teacher input.

CMS Students with COVID like symptoms

The @home learning numbers will impact what our quarantine instruction looks like.

Each situation is handled on a case by case basis in consultation with the district nurse and the CDHD.

However, we are committed to providing quality instruction to our students while they are out on quarantine.
